Pramac E6900 Recoil Start 110v / 230v GX390 Petrol Generator

Prod Code: 5000-PRAM1-21174

6.4kW Dual Voltage Honda Powered Petrol Site Generator

E-SERIES
Open frame light compact generators with a basic configuration and very easy to transport: the best balance between price and performance.

The Pramac E6900 is a petrol generator designed specifically for intensive operations where performance and power is demanded by professional users over an extended period of time. Housed within a heavy duty tubular steel frame and powered by the well proven petrol Honda GX390 13hp 4 stroke engine.
