Atlas Copco LP9-20P 20 L/Min Hydraulic Power Pack

Prod Code: 6040-ATLA-349

You can use the Atlas Copco power packs virtually anywhere: fitted with wheels and handles, they are easy to manoeuvre around building sites. They are easy to start, the noise level is low, and when they are not in use, the power packs are small enough to be stored on shelves. They are also lightweight enough that two people can lift one up and fit it in the back of a van.
This power packs is equipped with Power On Demand (POD). This hydraulic regulatory system automatically idles the engine when the tool is not being used and speeds it up when the tool is activated.

Features & benefits

Portable, compact and light weight
High efficiency, low noise and low fuel consumption thanks to Power On Demand function
Low maintanance, long lifetime – moving parts move in a closed lubricated circuit
Protective steel frame with foldable handles
Lifting eye and cross lifting bar
No exhaust or emission from the tools – power pack with engine can be placed away from tool
Large return filter and replacement indicator
Thermostatically-controlled oil cooler

Applications

Power source for hydraulic tools

SPECIFICATIONS

Honda	GX270
HP	9
Oil flow	20 l per min
Weight (incl oil)	80 kg
Length	630 mm
Width	530 mm
Height	640 mm
Max pressure	150 bar
Fuel capacity	6 l
Hose included	YES
Power on Demand (POD)	YES
Oil control: engine oil	YES
Electric start	NO
Sound power level guaranteed Lw (2000/14/EC)*	101 dB(A)
Sound pressure level (ISO 11203)* Lp r 1m	87 dB(A)
EHTMA class	C
