

Honda HF2417 HM 40" Hydrostatic Versamow Lawn Tractor

Prod Code: 4010-HOND-2417

The 40" premium model delivers improved cutting and collection performance with unrivalled smoothness and efficiency. Hydrostatic drive ensures simple operation and a quality cut at any speed, as the blade speed is independent of forward drive speed. Optiflow technology and synchronous blade cut give you a better, more consistent cut every time and Versamow™ selective mulching makes efficiently fertilising your lawn easier than ever, without the need to change blades.

Collect. Or Mulch. Honda's unique Versamow™ selective mulching system lets you choose.

SPECIFICATIONS
