Honda UMC435 4-Stroke 35cc Versatool Split Shaft Strimmer

Prod Code: 4020-HOND-UMC435

Please note- This unit comes WITHOUT any attachments. All attachments must be purchased additionally.

As its name suggests, Versatool™ is conveniently adaptable to a wide variety of garden jobs. It has a tenaciously powerful 4-stroke engine, a choice of two extensions and seven handy attachments, including a linecutter, leaf blower, edger, cultivator, pruner, and a short and a long hedge trimmer. It's ergonomically designed to be comfortable when used for long stretches and even comes with its own harness.
With minimum noise, vibration and emissions it's easy to see why the tenaciously powerful 4-stroke engine technology is better than a traditional 2-stroke engine.
Plus it's easy to start, and simple and clean to refuel with regular unleaded petrol - there's no need to mix oil and petrol.
Versatool's joint locking system has been designed for minimum effort and maximum simplicity. There's no fiddly lining up of the attachments, simply push and click to lock your preferred tool securely in place.
