

Honda FJ500 SER Mid-size Tiller

Prod Code: 4030-HOND-FJ500SER

Honda's FJ500 SER is a rotary tiller designed to be light and manoeuvrable yet heavy duty enough to tackle tough soil cultivation with ease. Powered by a hardworking and fuel efficient 163cc Honda GX160 four-stroke petrol engine.

Swing handle

With a reassuring safety release feature, the swing handle can be adjusted to swing left or right which lets you work without leaving your footprints behind you, and avoids compressing already cultivated soil and plants.

Gearbox

More gears means greater flexibility and power. The gearbox transfers the ideal power and torque to work the machine, letting you pick the perfect speed to match your pace.

SPECIFICATIONS
