LPG Dual Fuel Honda EU30is Frame Mounted 3kw Silent Generator

Prod Code: 5000-HOND2-728

LPG Propane gas / Petrol Dual fuel Unit fitted with frame mounted LPG kit. Up to 50% reduction in fuel costs when operating on LPG

The main advantage of a frame mount kit is the increased LPG hose length of 3 metres. However this type of kit will increase the overall dimensions of the unit

The Honda EU30is generator is a compact power station featuring the highest specifications from our Handy range. This 3000-watt generator is compact and portable, ideal for your onsite energy needs.
The Honda EU30is provides you with power that is cleaner and smoother than the electricity from your mains, a 'must' for powering sensitive computer or technical equipment. Its quiet operation is ideal for places where noise plays an important part. All Honda EU30is generators carry a 5 year domestic warranty.
