Pramac P6000 Diesel Silenced Electric Start inc Trolley

Prod Code: 5000-PRAM1-603

4.8kW Long Run 110/230v Yanmar Powered Diesel Generator.

* Pictured with optional wheel kit

P-SERIES
The P Series are exceptionally quiet and high powered portable generators, for residential areas or working sites where special respect for noise levels is required.

The Pramac P6000 is a suitable generator for use in residential areas or outside normal working hours. This generator is equipped with first class components and complete instrumentation, with a reliable diesal engine. It is the ideal generator for domestic backup power supply or professional use in residential areas.

A silent and compact electric start machine fitted with the Yanmar L100 diesel engine.
