

Sincro EK2 MCT 6KVA Dual Voltage Alternator

Prod Code: 5010-SINC2-245

Sincro 2-Pole Synchronous Self-Regulated Brushless Generator Alternator.

- Protection: IP23
- Standard Voltage: 115/230V - 50Hz

This unit is designed to be fitted to a petrol engine of at least 13 HP or a diesel engine of at least 10hp with a 7/8 inch taper shaft.

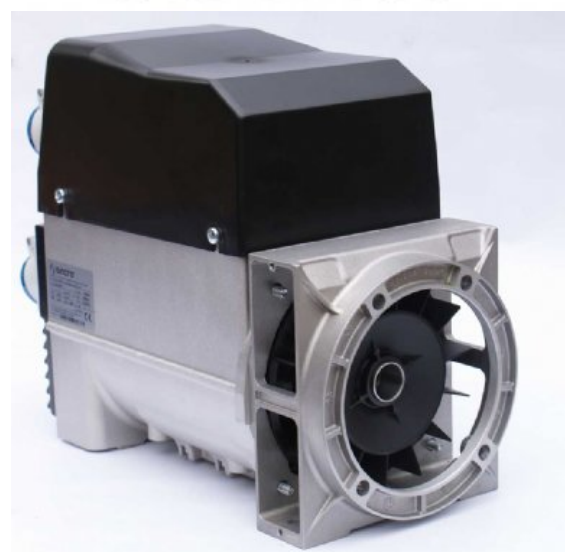

Can be supplied as bare alternator for cost saving

Petrol eg. Honda GX390 / Briggs & Stratton XR2100 series

Diesel eg. Yanmar L100 / Lombardini 15LD 440 / Hatz 1B40

SPECIFICATIONS

Phase	Single
RPM	3000
Voltage Outputs	115/230
Frequency	50Hz
Power Output	6kw
Dimensions (L x W x H)	43 x 19 x 34cm
Weight	26kg
Taper Fitting	7/8"
Capacitor Size	35UF

forma costruttiva / shape IM B35 - 3000

mm	mm	mm	mm
22,14	22,14	81	32
