

TED2-50HA 2" Tsurumi Honda Petrol Trash Water Pump

Prod Code: 8000-TSUR-P2T

Tsurumi TED-50HA 50mm Petrol Trash Centrifugal Water Pump

For applications where water contains solids in suspension, centrifugal trash pumps are recommended. The TED-50HA is a heavy duty trash pump of traditional design and can handle solids of up to 25mm. The pump housings incorporate inspection covers, which can be quickly released by undoing two hand nuts, thus allowing ready access to the impeller. All Tsurumi petrol pumps are powered by OHV Honda petrol engines, are self-priming and are housed within protective tubular steel, easy carry frames, and anti-vibration rubber feet.

All models are fitted with silicon carbide and ceramic mechanical seals and are supplied with hose couplings, washers, clips and strainers.

SPECIFICATIONS

Engine	Honda GX160
Max output (litres/min)	800
Debris size capacity (mm)	25
Inlet/outlet diameter (mm)	50
Total head (metres)	26
Suction head (metres)	8
Pressure (bars)	2.6
Dry Weight (kg)	33
Fuel tank capacity (litre)	3.3
Starter	recoil
Length (mm)	570
Width (mm)	430
Height (mm)	400
