

TD200H 2" Tsurumi Honda Petrol Diaphragm Trash Pump

Prod Code: 8000-TSUR-P2TDIA

The TD series are automatic priming, engine driven diaphragm pumps. Drive options are Honda 4 stroke petrol engines (with oil alert) or an electric start Hatz diesel engine. Capable of dry running and dry prime, they can also pump site water containing sand and silt. Diesel sets are trolley mounted while the petrol versions have easy carry frames with an optional site trolley. Supplied with strainer and couplings.
