TED2-80HA 3 Inch Tsurumi Honda Petrol Trash Pump

Prod Code: 8000-TSUR-P3T

Tsurumi TED-80HA 80mm Petrol Trash Centrifugal Water Pump

For applications where water contains solids in suspension, centrifugal trash pumps are recommended. The TED series are heavy duty trash pumps of traditional design and can handle solids of up to 35mm. The pump housings incorperate inspection covers, which can be quickly released by undoing two hand nuts, thus allowingready access to the impellor. All tsurumi petrol pumps are powered by OHV Honda petrol engines, are self-priming and are housed within protective tubular steel, easy carry frames, and anti-vibration rubber feet.

All models are fitted with silicon carbide and ceramic mechanical seals and are supplied with hose couplings, washers, clips and strainers.

SPECIFICATIONS

Engine	Honda GX240
Max output (litres/min)	1300
Debris size capacity (mm)	35
Inlet/outlet diameter (mm)	80
Total head (metres)	30
Suction head (metres)	8
Pressure (bars)	3.0
Dry Weight (kg)	58
Fuel tank capacity (litre)	5.3
Starter	recoil
Length (mm)	670
Width (mm)	485
Height (mm)	610
