

# AccuMate 6/12V Charger

Prod Code: 1110-GEL-2027

The Accumate Battery Conditioner is both a charger and a conditioner, enabling it to remain permanently connected and automatically switch itself 'on' and 'off' to trickle charge as required.  
A fused loom & connector is included to provide a permanent connection facility for the charger so it can be easily & quickly connected.  
Indicator lights show the charging state & the unit can be used for six or twelve volt batteries.

SPECIFICATIONS
