

Honda Cordless DP3640XAE 4Ah Battery

Prod Code: 1110-HOND-22225

Suitable for use with all Honda cordless products

Built to deliver full power, the single Li-ion battery will work with all of Honda's new cordless range of mowers (HRG416XB and HRG466XB), brushcutter (HHT36BXB), hedgetrimmer (HHH36BXB) and leaf blower (HHB36BXB).

Charging is quick, it will achieve an 80% charge in 25 minutes and a full 100% charge in 35 minutes.

Robust and strong, the battery is hard-wearing enough to withstand a 2m drop, with an aluminium sub-frame providing protection.

Thermo Smart technology allows for higher performance and prolongs the life of the battery. Suitable for medium use.

SPECIFICATIONS

Weight	1.3 kg
Charging time to 80%	25 minutes
Charging time to 100%	35 minutes
Maximum current flow	24 A
