

# Honda GX200 RDG4 2:1 Clutched Reduction Engine

**Prod Code: 3000-HOND-65RDG4**

2:1 Clutched Reduction Box Non Oil Alert Petrol Engine with 12V-25W Lamp Coil.

The GX200 engine is suitable for a wide range of heavy duty applications such as in construction equipment, tillers, generators, welders, pumps and other industrial applications.

Engine features:

- OHV design enhances combustion efficiency
- High power-to-displacement ratio
- Easy starting with an automatic decompression system and an easy-to-grip soft recoil starter handle
- High quality materials and purpose-built components which ensure reliable, long-term use
- Meets world's most stringent environmental legislation
- Low fuel and oil consumption
- Reduced vibration and noise levels

## SPECIFICATIONS

|                                  |   |
|----------------------------------|---|
| Engine Type                      | Single cylinder OHV 4-stroke air-cooled |
| Max. Net Torque (Nm) @ 2'500 rpm | 12.4                                    |
| Displacement (cc)                | 196                                     |
| Cylinder                         | Cast Iron Sleeve                        |
| Bore (mm)                        | 68.0                                    |
| Stroke (mm)                      | 54.0                                    |
| Fuel Tank Capacity (l)           | 3.1                                     |
| Oil Capacity (l)                 | 0.6                                     |
| Dry Weight (kg)                  | 16.1                                    |
| Dimensions Length (mm)           | 321                                     |
| Dimensions Width (mm)            | 376                                     |
| Dimensions Height (mm)           | 346                                     |
| Recoil Start                     | Yes                                     |
| Electric Start                   | No                                      |

**1/2 REDUCTION WITH CLUTCH (R-type)**
