Yanmar L100V Keyway Shaft Electric Start Diesel Engine

Prod Code: 3000-YANM-D10QE

Diesel 1" (25.4mm) Keyway Shaft Engine electric start. Pressure washer diesel specification (EU Stage V compliant)

Engine Code. L100V6CJ1F1AAS5 (direct replacement for L100N6CA1F1AAS5)

 $\cap \mathsf{D}$

Engine Code. L100V5CJ1F1AAS5 (direct replacement for L100N5CA1F1AAS5)

Designed with Yanmar's proprietary direct injection technology, maximum combustion efficiency is realized through the ideal match between the combustion chamber and injection system. This means a powerful, but environmentally friendly engine.

Keeping with the tradition of compact design, the new L-N series are simple to install. It fits in cramped spaces without sacrificing power and performance. Yanmar's proprietary direct injection technology allows the engine to sip rather than gorge on fuel. This means lower running cost in the world of rising fuel prices.

Superior vibration and noise reduction is achieved through the use of precision balancers. This leads to operating comfort even under long working hours.

Please note - This version does not arrive with the key switch module, as standard

SPECIFICATIONS	
Engine	Air cooled direct injection engine
Power	8.7HP (6.5kW)
RPM	3600 (also available in 3000RPM version)
Displacement (cc)	435
Starting	Recoil & electric start
Fuel Tank Capacity	5.4 L
Oil Capacity	1.6 L
Dimensions (mm)	412L x 472W x 493H
Weight	53.5 Kg
