

Quick Release Coupling Kit LPG Hose (FOR LPG KITS)

Prod Code: 3011-GEAR-891

A quick release coupling assembly fit 10mm - 10mm LPG hose

To install simply cut your LPG hose and thread the o'clips onto each side of the LPG hose. Position the cap / chain retaining assembly over the male quick release coupling on the hose tail end. Then push both fittings onto the LPG hose and clamp the o'clips down with a pincer tool.
