

Honda FG205 Tiller

Prod Code: 4030-HOND-FG205

The Honda FG205 mini tiller uses the same frame and great GXV50 engine as the Honda FG201 mini tiller; however the FG205 has better tilling qualities thanks to its slower tine speed (135RPM) and greater tine width (45cm). The FG205 is the perfect go between for the FG201 and F220. With a larger working width than the FG201 but with all the ease of a mini tiller, you can maintain your plots and beds effortlessly. The low vibration level makes it comfortable to use and the folding handles and carry handles makes it easy to transport and store.

The Honda FG 205 mini tiller is an ideal all round lawn care tiller. The lightweight Honda FG205 mini tiller will take all the hard work out of maintaining your flowerbeds and vegetable plot. Many optional attachments available.

Honda customers deserve complete peace of mind. Honda FG205 mini tillers are supported with the longest and most comprehensive warranties in the industry coming with a standard 5 year warranty.

Warranty Information

- 1 Year Professional Use Warranty
- 5 Year Domestic Use Warranty subject to an annual service

(Customer Responsibilities: It is your responsibility to ensure that the services are performed at the specified period and that the service receipt record is kept safe for future reference. In this way your machine will receive the full benefit of the Honda (UK) warranty. Regular maintenance is also essential to ensure that your machine operates safely, efficiently and with the minimum impact on the environment. For full terms and conditions and servicing requirements please consult your warranty booklet and owners manual. If you are in any doubt regarding the service requirements of your specific product please contact us on 01429 269757. Alternatively call the Honda Contact Centre on 0845 200 8000.)
