

Pramac P11000 3-Phase Diesel Silent Electric Start

Prod Code: 5000-PRAM1-19261

8.5kW Long Run 400/230v Yanmar Powered Diesel Generator

P-SERIES

The P Series are exceptionally quiet and high powered portable generators, for residential areas or working sites where special respect for noise levels is required.

The Pramac P11000 is a suitable generator for use in residential areas or outside normal working hours. This generator is equipped with first class components and complete instrumentation, with a reliable diesel engine. It is the ideal generator for domestic backup power supply or professional use in residential areas.

A silent and compact electric start machine fitted with the Yanmar 3TNV70 diesel engine.
