

Pramac P9000 Standard Silent Electric Start 230v AVR + Conn

Prod Code: 5000-PRAM1-607

7.9kW Long Run 230v Lombardini Powered AVR Controlled Diesel Generator

P-SERIES

The P Series are exceptionally quiet and high powered portable generators, for residential areas or working sites where special respect for noise levels is required.

The Pramac P9000 is a suitable generator for use in residential areas or outside normal working hours. This generator is equipped with first class components and complete instrumentation, with a reliable diesel engine. It is the ideal generator for domestic backup power supply or professional use in residential areas.

A silent and compact electric start machine fitted with the Lombardini 25LD330 diesel engine.

AVR (Automatic Voltage Regulator)

Electronic equipment could fail if the electricity quality is not high enough. High quality smooth power is achieved with AVR technology maintaining a constant output voltage, compensating for fluctuations when the equipment starts up or the load changes. This helps provide a stable power source vital for running sensitive electronic devices safely.

SPECIFICATIONS

Engine	Lombardini
HP	15
Voltage	230v only
Max Output	7.9kW (8.8kVA)
Noise Level @ 7M	69dB(a)
Guaranteed noise level (LWA)	97dB(A)
Electric Start	Yes
Fuel Tank Capacity	24L
Run Time at 75% Load	11.06H
Weight (Kg)	204
Length (cm)	99
width (cm)	60.2
Height (cm)	82.6
Additional Options	Wheel Kit
