LPG Dual Fuel KOHLER SDMO iPro3000E Yamaha 3kw Silent Elec Start Generator

Prod Code: 5000-SDMO-19983

Manufactured by Yamaha, this silent generator is a ideal alternative to Honda EU30is / EU30i. Dual fuel petrol / propane unit fitted with bottle mount type LPG kit

Compact, quiet, lightweight and reliable. The SDMO iPro range has the ability to power even the most sensitive electronic equipment by means of inverter controlled output.

The inverter supplies high quality clean power that is safe to use sensitive electronic loads such as laptops and televisions. They also provide economic fuel consumption as the engine speed will adjust depending on the load that is placed on the generator.

The iPro3000E delivers 3000 watts of portable, clean and low noise power. It's super quiet operation, means it is the perfect leisure generator, whilst also being suited to proffesional applications. This compact unit is powerful enough for all kinds of tasks, whether you are abroad in a motorhome or caravan, in need of a emergency back up when theres a power cut, or a market trader in need of continuous super silent power supply.
