Husqvarna BG375 Honda GX200 Power Trowel Long Foldable Handle

Prod Code: 6030-HUSQ-1988

These Husqvarna (Atlas Copco) high capacity trowels have 900 to 1,200 mm trowel diameters and power outputs from 5.5 to 9 hp, delivered by high quality Honda engines and a reliable gearbox. An adjustable handle with two different lengths makes work comfortable and safe. Thanks to great design the handle is both stable and lets you reach all controls directly.
