

Atlas Copco LP13-30P 30L/Min Hydraulic Pack + LPD-T Post Driver

Prod Code: 6040-ATLA-20699

You can use the Atlas Copco power packs virtually anywhere: fitted with wheels and handles, they are easy to manoeuvre around building sites. They are easy to start, the noise level is low, and when they are not in use, the power packs are small enough to be stored on shelves. They are also lightweight enough that two people can lift one up and fit it in the back of a van.

This power pack is equipped with Power On Demand (POD). This hydraulic regulatory system automatically idles the engine when the tool is not being used and speeds it up when the tool is activated.

BREAKER

This medium weight, multipurpose breaker is among the best general purpose breakers available in the 22-28 kg (48-62 lb) range. It is commonly used with 5" asphalt chisels for road building maintenance applications, but also work well in brickwork, frozen soil and concrete.

SPECIFICATIONS

Oil flow	20-30 l/min
Weight (incl oil)	91 kg
Length	745 mm
Width	600 mm
Height	705 mm
Max pressure	150 bar
Fuel capacity	6.5 l
Hose included	YES
Power on Demand (POD)	YES
Oil control: engine oil	YES
Electric start	NO
Engine	Honda
Power	13 HP
Post Driver Activation type	trigger lever
Hydraulic system	Open centre
Service weight	34kg
Oil flow	20-30 l/min
Working pressure	105-140 bar
Impact rate	1 680 (30 l/min)
Post/rod diameters	40-100
Vibration level 3 axes	12.8m/s
Sound power level guaranteed (2000/14/EC)	115Lw dB(A)
