

KTH-50XDHES Hatz 2 Inch ELEC START Diesel TRASH Pump

Prod Code: 8000-HATZ-22699

Hatz Diesel 50mm Diesel Centrifugal Trash Water Pump. Key start and recoil start

For applications where water contains solids in suspension, centrifugal trash pumps are recommended. The KTH-50XDHES is a heavy duty trash pump of traditional design and can handle solids of up to 25mm. The pump housings incorporate inspection covers, which can be quickly released by undoing two hand nuts, thus allowing ready access to the impellor. All Koshin diesel pumps are powered by German manufactured Hatz diesel engines, are self-priming and are housed within protective tubular steel, easy carry frames, anti-vibration rubber feet and wheel kit included.

All models are fitted with silicon carbide and ceramic mechanical seals and are supplied with hose couplings, washers, clips and strainers.

SPECIFICATIONS

Engine	Hatz 1B20
Max output (litres/min)	560
Inlet/outlet diameter (mm)	50
Total head (metres)	25
Suction head (metres)	7
Pressure (bars)	2.5
Dry Weight (kg)	65
Starter	Recoil and Electric
Wheel Kit	Included
Oil Alert	No
Length (mm)	710
Width (mm)	700
Height (mm)	800
